

Make a Sure Sale with Sureswitch™

MAKE A SURE SALE WITH SURESWITCH™

On Sale

Improve customer comfort and profitability by using the Sureswitch™ electronic relay by Emerson™.

Did you know that 25% of all service calls are due to a bad contactor? And all replacement contactors have a 60% chance to fail again resulting in 2 million contactors being replaced each year. Most contactors fail due to

- Pitting from arcing
- Debris
- Or pests

For less than a return service call you can offer a solution that prevents your customer from facing another AC breakdown. Simply explain the reason for the failed contactor and offer them the peace of mind with the upgrade to the Sureswitch™ electronic relay.

Choosing the Sureswitch™ relay increases your customer's satisfaction and increases your average ticket sale without spending any more time on the job. Make a sure sale with Sureswitch™.

The Sureswitch™ electronic relay is a new product here at Able Distributors and we are offering it to all contractors on sale through September 30th, 2015.

Product features include:

- 5x contactor life
- Sealed relay to keep out ants and debris
- Microprocessor control nearly eliminates contact welding and pitting
- Ideal install with new Preventative Maintenance contracts
- Compressor is protected from brownouts and short cycling
- Save on pest control treatments
- 5-Year Limited Warranty
