

Nu-Calgon Counter Days 2017

The temperatures in Chicago are expected to rise over the next few weeks. This means longer days, shorter shorts, and cooling maintenance calls.

If you're not prepared yet, no sweat! Able has your back with Nu-Calgon counter days coming up this month. Find out when your local branch is hosting below:

Tuesday, May 23rd: Able Distributors Chicago

Wednesday, May 24th: Able Distributors Evanston

Thursday, May 25th: Able Distributors McHenry

Friday, June 2nd: Able Distributors South Side

These all day events are the perfect opportunity to stock up on staples for spring equipment tune-ups. We will have all sorts of different Nu-Calgon products from their entire line on display.

Not sure what you need? We can help! You can check out our past posts on conquering cooling season and the benefits of Break-n-Lube. You can also ask your friendly Able salesperson for product recommendations for your specific application at the Counter Days events. We're always happy to help you find the perfect product.
