

RSVP Today for May 4th's ecobee Dealer Training Event!

are proud to bring ecobee's excellent dealer training course to Chicago!

On Thursday, May 4th, at 5:00pm, ecobee will be at Able's Chicago branch to cover a variety of topics including:

- Intro to ecobee - Learn how to manage an ecobee thermostat using the web portal and the convenient mobile app
- Key Selling Features - What makes the ecobee so great? Why do your customers want it?
- In-Class Installations - Hands-on training using real thermostats and control boards right in the classroom. Get prepared for any application!

This training session has been approved for certification training by NATE and counts as two credit hours.

All attendees qualify to receive a free ecobee3 Lite Pro thermostat which must be installed and activated through the ecobee portal.

RSVP at our events page to reserve your spot!
