

AA Service – NTI LX500 Boilers Duo

#underthehood

Howard Elovitz, Able Distributors Outside Sales: “Customer replaced a 1.2 million BTU cast iron boiler system with 2 NTI LX500 boilers and a moment where both end user and contractor being completely satisfied and loving the boilers while delivering the end-user an amazing efficient high-performing system. They are currently finishing the project which is in Bannockburn Illinois and they’ve installed the condensate neutralizer and they will be insulating the pipes and some finishing touches.”
