

Maytag is Changing the Game with These Rebates

Maytag's 12th Man Plan offers a plethora of benefits to participating contractors. From exclusive training sessions to customized marketing help, the 12th Man program is perfect for contractors looking for a leg up on their competition. However, the most valuable component of the 12th Man is the exclusive rebates.

That's right, 12th Man contractors receive access to significant homeowner rebates for high-efficiency split and packaged systems as well as individual components. Right now, it is the Fall 2017 rebate period, which runs from October 1st, 2017 through December 31st, 2017.

Below is a brief listing of some of the combinations that can be purchased at Able Distributors*. A complete list, as well as further details on the 12th Man program, can be found in the links at the bottom of this page.
