

New Promotions from Watts & Weil-McLain

Today, we are highlighting two ongoing promotions from Watts and Weil-McLain that reward contractors for their brand loyalty. These promotions provide free items to contractors simply for buying the products that they buy anyways.

Watts Wild Ride

We have the good fortune to work with a lot of manufacturers who are always looking for new ways to reward the contractors who purchase their equipment. Usually, these promotions involve cash back, discounts, or even free equipment, but Watts is offering something we haven't seen before with their Wild Ride sweepstakes: a free Harley-Davidson Fat Boy motorcycle.

In addition to offering a motorcycle worth \$21,000, Watts is also giving away Harley-Davidson motorcycle adventures and Harley-Davidson watches. Keep reading to learn which products qualify you for the Wild Ride sweepstakes and how you can enter to win a brand new motorcycle.

How to Enter

Once you register on the Watts Wild Ride website, all you have to do is upload invoices containing qualifying products. You can upload a photo or scan the invoice into your computer to upload it.

This promotion runs from April 1st, 2016 to September 30th, 2016. You can submit one invoice per calendar day during the promotion. If you need copies of old invoices printed up, your local Able Distributors branch will be more than happy to oblige.

Qualifying Products

This promotion is not limited to Watts products, there are a number of different brands that qualify, making it incredibly easy for contractors to earn entries.
