

Unbeatable Access with NTI's Partner Site

If you're installing NTI boilers, you should be using the NTI Partner Site. NTI has recently updated the look, feel, and functionality of their entire partner site, improvements that make it easier than ever to find the information you need quickly and easily. Below is a quick rundown of everything that can be accessed inside of the partner area of the NTI homepage.

- **Technical Bulletins** - This section collects any technical addendums or updates to official NTI literature in a central location, making it easy to stay apprised of the latest developments with NTI equipment.
- **Sales Literature** - Like the technical bulletins section, this area contains all NTI promotional materials for heating equipment in a single convenient location.
- **Installation Gallery** - Check out the projects that other contractors have completed using NTI boilers and submit photographs of your own NTI installations.
- **Trinity Fire Tube Simulator** - Want to practice programming the Trinity Fire Tube boiler from the comfort of your home? Check out this simulator! It allows contractors to familiarize themselves with the NTI Tft's troubleshooting and setup procedures in a browser window.
- **Electronic Parts List** - A complete listing of parts for every NTI product. Photos of every item and, when applicable, installation instructions are also available through this list.
- **Cleaning & Maintenance** - This sections houses PDF documents with instructions for cleaning and servicing NTI boilers. These documents contain photographs, recommended tool lists, and step-by-step instructions, making it an invaluable resource on maintenance calls.
- **Plumbing Diagrams** - This section has drawings of how to pipe and install each different NTI boiler line in a variety of applications.
- **NTI Toolbox** - This area includes a visual representation of the parts found in an NTI Toolbox. Contractors have ability to filter this list by model, making it easy to see which parts are utilized in which boilers at a glance.

Whether you've been installing NTI boilers for years, or you put your first one in last month, there are plenty of exclusive resources you won't find anywhere else inside of the NTI partner area. If you haven't signed up for an NTI partner account yet, you can register from the NTI homepage.
